

Ships Within 3 Days!

TerminEdge is a two-piece, snap-on fascia system designed for use with virtually any roofing system to provide superior protection from wind and water penetration. When you order standard TerminEdge products in the most popular nine (9) colors/finishes, we'll ship it within three business days!

TERMINEDGE AND TERMINEDGE AR

- Designed for use with single-ply membrane.
- Available with formed retainers in sizes between 3.75- and 13-inches to accommodate most building designs.
- Fascia covers and retainers are supplied in convenient 10-ft. lengths.
- Retainers are self-locating with pre-punched slots to accommodate thermal expansion and contraction. Retainers are made of 20 gauge galvanized steel for TerminEdge and .050-in. aluminum for TerminEdge AR.
- Matching splice plates ensure a continuous seal and professional look.

TERMINEDGE EX AND TERMINEDGE EX MB

- Designed for use with single-ply membrane or modified/built up roofing systems.
- Available in standard face heights to accommodate most building designs.
 - Standard sizes for single-ply applications: 3.75-, 5.25-, 6.75-, 8.25- and 11.25-inches.
 - Standard sizes for mod bit and BUR applications: 3.75-, 5.25-, 6.75-, 8.25-inches.
- Fascia covers and retainers are supplied in convenient 10-ft. lengths.
- Retainers are self-locating with pre-punched slots to accommodate thermal expansion and contraction. Retainer is extruded aluminum for TerminEdge EX and TerminEdge EX MB.
- Matching splice plates ensure a continuous seal and professional look.

ACCESSORIES AND MITERS

All accessories in the ExpressEdge Program are folded including miters, end caps, end terms, sumps and spill outs. Corners are made with standard 12-inch legs. Welded accessories are not available in the ExpressEdge Program.
