Colin Griswold Promoted to Codes & Approvals Engineer

AGAWAM, Mass., January 2022 – OMG Roofing Products has promoted Colin Griswold of West Springfield, Mass., to the position of Codes and Approvals Engineer.

In his new role, Colin will manage product approvals for OMG Roofing's product portfolio as well as assist the new product development team in addressing code and approval issues. In addition, Colin will also work closely with OMG's private label customers and code and approval officials with product evaluations, developing technical product specifications as well as maintaining code approvals and keeping abreast of technical changes and advancements in the commercial roofing industry.

Colin started with OMG Roofing Products in 2013 in the manufacturing area. Since then, he has held positions as a Laboratory Technician in the company's New Product Development & Innovation Department, and most recently in the Technical Services Department as a Technical Support Specialist.

Colin is a member of the Single-Ply Roofing Industry (SPRI), and holds an associate's degree in engineering from Springfield Technical Community College.

Headquartered in Agawam, Mass., OMG Roofing Products is a leading manufacturer of commercial roofing products including specialty fasteners, adhesives, drains, pipe supports and advanced productivity tools. The company's focus is delivering products and services that improve contractor productivity and enhance roof system performance. For additional information, please contact OMG Roofing Products at 800/633-3800 or visit OMGRoofing.com.
