

PaceCart™ 15 Gallon Conversion Kit

IDEAL FOR WIDE-OPEN PRODUCTION JOBS

When it comes to applying rooftop insulation adhesives and fleece membrane, productivity is the name of the game. With this in mind, OMG offers a Conversion Kit that enables contractors to apply OlyBond500 from 15 gallon drums (30 gallon sets) using existing PaceCart equipment.

The Conversion Kit is compatible with PaceCart 2B and PaceCart 3 equipment and is easy-to-assemble and install. In addition, the Conversion Kit (patent pending) provides contractors with a more economical option than purchasing new equipment or other retro kits.

FEATURES & BENEFITS

- Compatible with most PaceCarts on the market today-- the 2B and 3 models.
- Provides contractors with a more economical option than using 5 gallon Bag-in-Box (10 gallon sets), or purchasing new or other retrofit equipment.
- Helps contractors dispense more OlyBond500 per hour than with 5 gallon Bag-in-Box sets!
- Fast and easy assembly! Can be assembled and secured to a PaceCart in less than 10 minutes by one person using only a few tools.
- Once installed, the Conversion Kit provides contractors with the option of using 15 Gallon Drums or patented 5 Gallon Bag-in-Box sets of OlyBond500 for maximum job-site flexibility.
- Sold and serviced by the largest independent sales force in the industry!

COMPATIBILITY

Roof Decks and Substrates:

- Structural concrete
- Gypsum
- Cementitious wood fiber plank
- Lightweight insulating concrete
- Steel (22 GA. [.75 mm] or thicker with approved cross section)
- Plywood (5/8-in. [16 mm] thick min.)
- Smooth surface BUR
- Smooth and granular surface modified bitumen (properly prepared)
- Existing sprayed in place polyurethane foam
- Base sheets
- Most vapor barriers (including asphaltic and fleece-top)

ROOF INSULATION AND COVER BOARD:

- Polyisocyanurate – 4-ft. x 4-ft. (1m x 1m maximum)
- Expanded polystyrene
- High density wood fiber
- Hard cover boards
- Perlite
- Certain extruded polystyrene*

*For specific applications, call OMG Roofing Products for assistance.

TOOLS REQUIRED

- Allen-wrench (provided)
- Screw gun with 5/16-in. bit (5/16-in. bit provided)
- Screwdriver

APPROVALS

OlyBond500® is approved by most roof system manufacturers and is Factory Mutual, Miami Dade, Florida Building Code and Underwriters Laboratories approved.
